## **Paslode Cordless 16 ga. Straight Finish Nailer**

Paslode Cordless 16 ga. Straight Finish Nailer is light and small, weighing 4.75 lbs. and measuring 11.5" from nose to cap.

The tool features a tool-free depth of drive adjustment; nail lock-out to prevent blank firing, an extended nose with excellent sight lines and a quick-clear nose cover providing easy access to remove infrequent jams. The nailer drives 16ga. straight finish nails, from 3/4" to 2 1/2".

The nailer uses a fuel plus battery system that results in a compact, lightweight tool that delivers power plus performance. The fuel cell drives up to 1,200 nails per cell and the battery drives up to 4,000 nails per charge.

The versatile nailer comes with carrying case including cordless tool, rechargeable battery, battery charger, extra no-mar tip, hex wrench.
